Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: in line 9 of the abstract of the disclosure "said" should be - -the- -.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: the limitations of "...said platform defines a plurality of platform grooves spaced apart along said platform, each platform groove having a configuration for removably receiving said at least one metallic element; said trip board defines a plurality of trip board grooves spaced apart along another portion of said trip board, each of said trip board grooves corresponding to a respective platform groove and having a configuration for removably receiving said magnet... and means for locking said ramp in said closing configuration..." in claim 1 and "...means for selectively positioning said metallic element on said platform...means for selectively positioning said magnet on said trip board, whereby said magnet is magnetically attracted to said metallic element for biasing said trip board toward said set configuration until a weight of said rodent is placed upon a portion of said trip board to move to said tripped configuration...wherein said plurality of probes
